HELLO NEIGHBOR - A Great Year at Education Matters!

The next twelve months hold so many more opportunities to make an impact in our community. We are excited by this challenge to create a thriving and more just community with our neighbors. None of these accomplishments would have been possible without the countless hours of work by our staff and volunteers. We cannot thank them enough for never giving up on our vision and always remaining focused on our work. We look forward to all of the amazing things we have in the works for this year, and we hope that you will join us in our work by volunteering, donating, or telling our story. Thank you for helping us make community matter!

Sincerely,

Mary Knauff-Delaney
Executive President

WHY EDUCATION MATTERS ?

We believe that education matters.

Education allows each person to gain power and create opportunities. It impacts every aspect of our lives, as it is the means by which we develop as individuals and come to understand our world. Education level is directly linked to income and job security, but also correlates with health, mental well-being, civic engagement, home ownership, and long-term financial stability. Beyond the economic implications, education is an issue of basic human dignity. The ability to gain knowledge, access positive learning opportunities, and apply skills are the cornerstones of healthy human development.
